PROJECTS

Awareness for 10th grade students

- GuiDex:-Assisted 10th-grade students in understanding various academic streams and making informed decisions about their educational pathways.

College Conference Website

- Developed a responsive conference website using React (with Vite) and styled it with Tailwind CSS and Bootstrap for a clean and modern UI. Implemented pages for committee details, schedule and registration, focusing on mobile-friendly layout and smooth user experience.

Achievements

- Participated in code competition in my college FEST and won 2nd prize.
- Completed Angular Course in Infosys SpringBoard
